Building Issues:

We are aware that movement upstairs causes the projector to vibrate. There are plans to move the projector but until this happens, please bear with the 'wobbly screen'! Likewise, we are also aware that there is some noise transition and again this will be improved once the screens are installed.

Ecumenical Lent Course—2012: Material will be either another York Course (Handing on the Torch) or a course by Wendy Virgo called "Magnificent Jesus". Please look out for the material before Christmas with a closing date of Sunday 5th February to start week commencing Monday 27th February 2012.
